SHADOW HILLS APARTMENTS SUMMARY AND RECOMMENDATIONS

Applicant:	Many Mansions
Action:	Initial Resolution
Amount:	\$14,000,000
Purpose:	Finance Affordable Multi-Family Rental Housing Facility Located in the City of Thousand Oaks, Ventura County, California
Activity:	Affordable Housing
Meeting:	October 9, 2015

Background:

On August 24, 1979, Many Mansions was incorporated as a California nonprofit corporation. Many Mansions initially devoted itself to rental assistance. Over the next approximately eight years, Many Mansions ran the successful “Adopt-A-Family” program in which donors from the community would donate money to be used as rental assistance for families that needed help. However, Many Mansions had no control over this housing—its condition, its rental levels, and the amenities. During 1986-87, Many Mansions embarked upon its first development project. Many Mansions, along with the City of Thousand Oaks and the Conejo Future Foundation, developed Schillo Gardens. Financed through the federal tax credit program and with assistance from the City of Thousand Oaks, Schillo Gardens housed individuals and families who were low-income and whose rent would be set accordingly. Many Mansions has continued to grow its portfolio and develop affordable housing.

Many Mansions Children and Adult Service Programs have distinguished themselves from other affordable housing providers. They have led the fight to end homelessness, and their compassionate and supportive services have made them the ideal housing provider of the disabled.

This will be the CMFA’s third time working with Many Mansions on a project.

BMI began managing federally assisted housing, expanding over the years, to include conventional housing and commercial developments; however, its specialty continues to be the management of affordable housing. There are more programs than ever for affordable housing to utilize for subsidy, and Barker Management Incorporated has stayed abreast of the constant changes. Presently BMI manages properties that include a variety of subsidies from various agencies of programs including United States Department of Housing and Urban Development (HUD), Community, Federal and State Low Income Housing Tax Credits, State Bond Issuers, Federal Home Loan Bank's Affordable Housing program and other state and local funding sources.

BMI's portfolio includes family, senior and special needs housing. They understand each development is unique and strive to understand the goal set for each property. The success that BMI has enjoyed over the past years is based on the solid philosophy of "Attention to Detail". Applicant:	Housing Authority of the County of Santa Clara
Action:	Initial Resolution
Amount:	\$50,000,000
Purpose:	Finance Affordable Multi-Family Rental Housing Facility Located in the City of San Jose, Santa Clara County, California
Activity:	Affordable Housing
Meeting:	October 9, 2015

Background:

In 1967, the Santa Clara County Board of Supervisors established the Housing Authority of the County of Santa Clara ("HACSC") as an independent local government agency to administer the federal rental assistance programs authorized by the United States Housing Act of 1937. Since 1976, HACSC has operated the federal rental assistance programs of the County of Santa Clara and the City of San José as one program. In 2008, Congress designated HACSC a Moving to Work (MTW) demonstration agency.

Their agency assists about 17,000 households through the federal rental housing assistance program. They also develop, control and manage affordable rental housing properties. The majority of their program funding comes from the U.S. Department of Housing and Urban Development (HUD). Their programs and properties are targeted to assist low, very low and extremely low-income households. The vast majority—more than 80%—of their client households are extremely low-income families, seniors, veterans, persons with disabilities and the formerly homeless. Working together with landlords, housing developers, charities and local governments, they strive to provide housing and support services to as many eligible families as possible.

In all of their operations, HACSC works toward being a model for the innovative use of federal funds in the Section 8 program and in leveraging funds and community partnerships to develop new affordable housing and to preserve existing affordable housing.

This will be the CMFA's 2nd HACSC affordable housing project.

The Project:

The Park Avenue Senior Apartments project is a new construction project of a 100-unit affordable senior housing development. The development is an affordable housing, transit-oriented development to be located in downtown San Jose. The project is just over one acre and will consist of a podium style building with garage and fitness room on the first floor and four stories of residential units above. There will be a total of 42 parking spaces and 100 units with 99 being restricted for low-income seniors and one unit set aside as a manager's unit. The unit mix will consist of 1- and 2-bedroom units with an average square footage of 663 and 808, respectively.

There will be an attached, 2-story, wood-framed building that will serve as the main entrance off the turnaround/drop off area and will house community space such as a large community room, reception area with mailboxes, elevator lobby, laundry room and property management offices on the first floor. The second floor will house additional offices for service providers and computer room in the loft that overlooks the community room. The project will be located at 777 Park Avenue, San Jose, California. This financing will create 99 units of affordable senior housing in the City of San Jose for the next 55 years.

BELLFLOWER FRIENDSHIP MANOR APARTMENTS SUMMARY AND RECOMMENDATIONS

Applicant: WNC & Associates, Inc.

Action: Final Resolution

Amount: \$21,000,000

Purpose: Finance Affordable Senior Rental Housing Facility Located in the City of Bellflower, County of Los Angeles, California

Activity: Affordable Housing

Meeting: October 9, 2015

Background:

WNC & Associates, Inc. was founded in 1971 when most people had never heard of affordable housing. At that time, few saw the opportunities in this emerging industry. In 1987, when the states were learning how to allocate Low-Income Housing Tax Credits, WNC was already assisting developers with how to structure and use them effectively. They moved quickly in this new program and closed 22 acquisitions in the first year. In 2002, WNC led the way again by becoming the first to apply for and receive an allocation of New Markets Tax Credits. While many were still learning, WNC closed \$34 million of qualified New Markets investments to finance over 100,000 square feet of commercial properties, becoming, once again, one of the first in the country to do so.

For over four decades, WNC has provided the experience, leadership, innovation and flexibility their customers have come to rely on. The key to their competitive advantage, however, is their ability to close transactions quickly and efficiently. They excel at this by drawing on their unparalleled experience and longevity in the industry and their company's extensive access to capital. Their senior officers average 25 years with WNC and 29 years in the real estate industry. Their investor base exceeds 19,500 institutional and retail clients, including Fortune 500 companies, multinational banks and some of the nation's leading insurance companies.

Today, with more than \$6.5 billion of real estate assets acquired, including over 1,225 properties in 45 states, they don't just say they are an "industry leader" and a "long-term partner," they've proven it for over four decades.

The Project:

The Bellflower Friendship Manor Apartment project is an acquisition/ rehabilitation of an existing affordable senior housing development that is located at 9550 East Oak Street, Bellflower, CA. The Project is an 8-story, mid-rise building with a total of 144 apartment units that consists of 84 studio units and 60 one-bedroom units (including one manager's unit that is income restricted). Bellflower Friendship Manor apartments was constructed in 1973 as a mid-rise building within one acre of land. The project was designed with the evolving needs of senior residents in mind. The rehabilitation program will address health and safety issues, ADA upgrades, deferred maintenance, and energy efficiency when possible. Currently, the developer is planning on replacing all countertops and cabinetry in units, replacing the windows, painting the kitchen and baths, addressing parking lot deferred maintenance and replacing and upgrading building systems as necessary. Various activities are available to Bellflower Friendship Manor residents including health information seminars, regular excursions to local attractions and various craft classes. The preservation and rehabilitation of the property will preserve this community as an affordable project for another 55 years.

The City of Bellflower:

The City of Bellflower is a member of the CMFA and held a TEFRA hearing on June 8, 2015. Upon closing, the City is expected to receive approximately \$11,968 as part of the CMFA's sharing of Issuance Fees.

PROPERTY ASSESSED CLEAN ENERGY (“PACE”) SUMMARY AND RECOMMENDATIONS

Action:	Discuss and Approve a Form of Tri-Party Agreement
Purpose:	Property Assessed Clean Energy (“PACE”)
Activity:	PACE Financing and Refinancing of Energy Efficiency, Water Efficiency, Renewable Energy Generation and Seismic Improvements
Meeting:	October 9, 2015

Discussion:

The Tri-Party Agreement expands on the Program Administrator Agreement to include additional arrangements between the CMFA, Energy Efficient Equity, Inc. and Inland Bond Capital, LLC related to PACE financings. It memorializes certain agreements and understandings including the Program Administrator Agreement, Bond Purchase Agreement and Trust Indenture. The Tri-Party Agreement also provides for the ability of Inland, as lender to E3, to cure or step into the operation of E3 under certain circumstance to ensure the continuation of E3’s Program Administrator operations under the CMFA PACE program.

Public Benefit:

PACE programs encourage energy efficiency and diversifies energy sources, both of which reduce the impact on existing infrastructure. Furthermore, PACE programs provide property owners with a low cost alternative to financing major energy efficiency improvements or renewable energy retrofits. The program helps the economies of the communities we serve by creating and retaining jobs.

Recommendation:

The Executive Director recommends the CMFA Board of Directors approve the Form of Tri-Party Agreement.

PROPERTY ASSESSED CLEAN ENERGY (“PACE”) SUMMARY AND RECOMMENDATIONS

Action:	Discuss and Approve the First Amended and Restated Program Administrator Agreement (“PAA”) for Energy Efficient Equity (“E3”)
Purpose:	Property Assessed Clean Energy (“PACE”)
Activity:	PACE Financing and Refinancing of Energy Efficiency, Water Efficiency, Renewable Energy Generation and Seismic Improvements
Meeting:	October 9, 2015

Discussion:

The Program Administrator Agreement (“PAA”) outlines the roles and responsibilities between the CMFA and the Program Administrator related to PACE financings. On May 22, 2015 the CMFA Board approved the Program Administrator Agreement for Energy Efficient Equity (“E3”) effective May 1, 2015. The First Amended and Restated PAA includes language to clarify E3’s and CMFA’s responsibilities related to the CMFA PACE program. The CMFA and E3 are committing significant resources towards the implementation of the CMFA PACE program. Therefore, revisions to the E3 PAA are needed to clarify the number of authorized program administrators, exclusivity requirements, term of the PAA, and requirements for any extensions.

Public Benefit:

PACE programs encourage energy efficiency and diversifies energy sources, both of which reduce the impact on existing infrastructure. Furthermore, PACE programs provide property owners with a low cost alternative to financing major energy efficiency improvements or renewable energy retrofits. The program helps the economies of the communities we serve by creating new jobs and retaining existing jobs.

Recommendation:

The Executive Director recommends the CMFA Board of Directors approve the First Amended and Restated Program Administrator Agreement.

HUD DIRECT ASSET STABILIZATION PROGRAM SUMMARY AND RECOMMENDATIONS

Applicant: Second Opportunity of California

Action: Resolution

Amount: \$500,000,000

Purpose: Loan Modification Program for the Preservation of Home Ownership throughout California

Activity: Affordable Housing

Meeting: October 9, 2015

Background:

Second Opportunity of California (SOCA), LLC – (Operating Company)

SOCA will be created to act as the holding company, organized as a Delaware limited liability company.

Hogar Hispano Inc. – (Non-Profit, Co-Member Manager)

Hogar Hispano Inc. (“Hogar”) was created in 2004 as a 501(c)(3) economic development corporation. It provides community and economic development resources, technical expertise, and service to local and national organizations conducting programs designed to improve the quality of life to underserved communities.

Hogar is one of the largest and leading non-profit groups in the implementation of innovative programs to assist local communities through the stabilization of real estate markets. Hogar was the first non-profit group to initiate a loan modification program for mortgage lenders to sell underperforming assets while receiving Community Reinvestment Act (“CRA”) credits. Through this and the National Community Stabilization Trust (“NCST”) programs Hogar has acquired, renovated and sold thousands of single-family homes over the last few years. More recently, Hogar successfully purchased 463 non-performing notes from Citicorp under the Homeownership Preservation Program – which piloted a first of its kind, “non-competitive”, non-performing loan (“NPL”) transaction between a non-profit and national bank

All of Hogar’s efforts are designed to strengthen local communities and to halt declining property values in neighborhoods.

Belgravia Capital Corporation – (Real Estate Investment Company, Co-Member Manager)

Belgravia Capital (“Belgravia”) is an investment firm headquartered in Orange County, California, which services clients’ worldwide. Since its inception 1984, Belgravia has provided lending for performing and non-performing commercial real estate debt purchases as well as a variety of advisory services. Over its 30-year track record, Belgravia has originated over \$10 billion in commercial mortgages and developed a reputation as the thought leader in real estate backed financing. It was, at one time, the largest Commercial Mortgage Backed Security (“CMBS”) issuer in the nation having reached over \$3 billion of annualized volume. In 1991, Belgravia created the first conduit financing in the United States for mobile homes. In 1994, it created the first securitized product for self-storage units and issued the first public debt offering for a national health club chain.

In 1997, Belgravia sold its CMBS business to FINOVA. In 2008, R.J. Brandes, its original founder and CEO, recognized the severity of the pending financial collapse re-established commercial operations focusing on non-performing loans and commercial real estate. This led to programs to finance buyers of distressed debt, borrowers working to recapitalize assets that were undervalued relative to the existing debt, and to provide long term debt to purchasers of stabilized real estate in areas where traditional banks, life companies, and Wall Street conduits are not active. In addition, Belgravia established the New Horizon's fund in partnership with Re-Invest of Switzerland to participate in FDIC structured sales of non-performing mortgages.

In 2010, they principals at Belgravia began to see regional investors organize in ways to purchase significant numbers of homes at trustee sales, and what was originally a “fix and flip” business quickly evolved into a “buy cheap and rent” business, keeping over 100,000 single family homes off the market and out of the supply chain. Belgravia believes that the move toward a “renter nation” is a distressing trend. The American dream for so many immigrants and natural born citizens since the birth of the nation has been based on land ownership and homestead. The nation has benefited from the sense of ownership and connection that is created when the average citizen can expect to own their home and thereby have more control over their financial destinies.

The Project:

The office of Housing and Urban Development (“HUD”) is arranging a direct, non-auction sale with government/state agencies and non-profits under its Distressed Asset Stabilization Program (“DASP”) to promote an alignment of interest and greater chance of success with its Neighborhood Stabilization Outcome (“NSO”) program guidelines.

Under the DASP program, HUD plans to sell non-performing residential mortgage portfolios through its Single Family Loan Sales Neighborhood Stabilization Outcome Program (“SFLSNSOP”). These portfolios are secured by owner occupied, 1-4 single-family units, residential homes located throughout California. Through a special purpose entity the CMFA plans to purchase the distressed portfolios and sell them to SOCA at closing. HHI/Belgravia the Manager and Co/Manager of SOCA intends to raise between \$200-500MM of capital to fund the purchase of a non-performing residential mortgage portfolio.

Through the mortgage restructuring process SOCA will comply with HUD NSO Requirements and CALHFA MAC Conformity. The CalHFA MAC programs are;

- **Principal Reduction Program** – PRP provides assistance to homeowners who owe more on their mortgage than their home is worth. Homeowners could qualify for up to \$100,000 in assistance.

- **Unemployment Mortgage Assistance Program** – UMA assistance to homeowners who have experienced a job loss. Homeowners may receive up to \$3,000 per month for 18 months

quality. Where applicable, the scope of work will also include upgrades to older HVAC equipment, bath and kitchen features, and outdoor space. The project is located at 950 Main Street, Redwood City, California. This financing will continue to preserve 80 units of affordable housing in Redwood City for the next 55 years.

The City of Redwood City:

The City of Redwood City will need to become a member of the CMFA and will be asked to hold a TEFRA hearing. Upon closing, the City is expected to receive approximately \$9,375 as part of the CMFA's sharing of Issuance Fees.
