IDAHO AND CHURCH APARTMENTS SUMMARY AND RECOMMENDATIONS

Applicant: Resources for Community Development

Action: Initial Resolution

Amount: \$14,000,000

Purpose: Finance Affordable Multi-Family Rental Housing Facility
Located in the Cities of El Cerrito, Richmond and San
Pablo, County of Contra Costa, California

Activity: Affordable Housing

Meeting: June 3, 2016

Background:

For 30 years, Resources for Community Development (“RCD”) has created and preserved affordable housing for very low income individuals and families. Thousands of low-income families have benefitted from rent that’s within their means, allowing them to live independently. For low-income seniors, working families and people with special needs – the mission of RCD is to create and preserve affordable housing for them, to build community and enrich lives.

Rents in the Bay Area have been relatively high for many years. That’s what motivated a group of Berkeley community members to found the non-profit to address the problem of an inadequate supply of safe, affordable housing for low-income people who were being pressured to leave the community because of rising rents. Today, RCD continues to look for opportunities to work together with the community to reimagine, recreate, and redefine how to provide affordable homes, for a better future for those with the fewest options.

RCD serves low-income people with household incomes of 20 to 60 percent of the Area Median Income (up to \$56,100 for a family of four in the Bay Area). Starting with a range of housing options, from studios and single room occupancy to four bedroom apartments, RCD also reserves over 30 percent of our units for people with special needs.

The Project:

The scattered site rehabilitation of the Idaho Apartments and Church Lane Apartments will consist of the preservation of 51 affordable apartments located on sites in El Cerrito, Richmond and San Pablo, CA. Each project has close proximity to neighborhood and community amenities, including parks, Schools, shopping, and ample bus service. The Idaho Apartments include 28 studio units providing supportive housing for homeless households, plus one managers unit. The Church Lane site provides 21-units of housing for large families, plus one manger's unit.

The Idaho Apartments is an existing affordable housing property at 10203 San Pablo Avenue in El Cerrito. The site consists of two parcels totaling 25,440sf which straddle the El Cerrito and Richmond Border. The site was originally developed in the 1940's as a motel, and in 1997 was acquired, rehabilitated and converted to affordable housing. The site includes 7 one- and two-story buildings. The project will provide services and property management office surrounding a central landscaped courtyard and surface parking. Additionally, the site amenities include a community room, computers, kitchen and laundry facilities. The unit mix includes 28 studio units, each with bathroom and kitchen, as well as a one-bedroom manager's unit. Residents of the Idaho Apartments have nearby access to Central and Fairmont Parks, the Natural Grocery Store, various retail, including hardware and thrift shops. The project is also in close proximity to several buses and the El Cerrito Plaza Bart station.

The Church Lane Apartments, located at 2555 Church Lane, San Pablo, is an existing 22-unit large family property. The property includes one 3-story building and one 4-story building connected by elevated walkways and served by an elevator. The project was originally constructed in 1997. The site totals .96 acres and includes seven 1-bedroom, seven 2- bedroom, six 3-bedroom and two 4-bedroom units. This site also has access to a variety of bus lines serving the San Pablo Avenue and surrounding corridors. The financing of this project will result in preservation of affordable housing for 49 low-income households in the Cities of El Cerrito, Richmond and San Pablo for another 55 years.

Mission:

Our target population is children, ages seven to fifteen, of incarcerated parents. There are over 70,000 of these victims in Southern California, and statistics show that these children are five times more likely to end up in prison (The Barna Research Group).

The founding family chose to serve this population because of a child's cry to God in a Sunday school classroom for his Daddy that was taken away to prison. Sunday school teacher Sophia Pirelli shared with her family how this little boy touched her heart! That day the Lord put a desire and passion in the hearts of the family to serve and minister to these vulnerable children, and at that point the family chose to dedicate the family ranch to these high-risk forgotten hurting and needy victims.

When we fail to provide for the education of the next generation, we fail our community. There are sparks of incredible education models throughout San Diego, but too often they remain isolated in their original school or region, or falter before they begin. Launched in October 2013, The Education Synergy Alliance (ESA) is a group of educators, business leaders, community members and innovators charged with scaling the isolated successes in our region.

Our goal is lasting system change, not short-term fixes. We believe we can make this happen by connecting change agents in the community to the partners, ideas and information they need to ensure these initiatives succeed. However, we do not implement programs. We believe the schools and their non-profit partners do it best.

Within these general categories of service there exists a wide range of needs that HOGP works to meet.

HOGP's shelter lies at the heart of the residential program. Women and children who are displaced due to incidents of domestic violence are provided safe, clean, housing, and necessities. Because the ICA chooses to actively engage on a select amount of items per year, the Association's track record for success is quite exceptional. Mission:

OneOC was founded in 1958 as Newport Bureau of Volunteerism, the very first community service project of the Junior League of Orange County. Newport Bureau of Volunteerism then became the Volunteer Center Orange County. In 2010, the organization rebranded to become OneOC, signaling our expanded services to nonprofits across the county. Since our early beginnings, we have developed ways for people to best use their valuable time and talent to help others. OneOC holds a 57-year track record of encouraging people to become personally involved in making our community a good and welcoming place to live, work, and raise a family. We have grown and matured into the largest and most comprehensive of the 250 volunteer centers nationwide, partnering with Points of Light Institute, HandsOn Network and California Volunteers. In 2015, OneOC launched the Center for Business & Community Partnerships, which helps companies build and grow their giving and employee volunteering programs.

Mission:

Project Angel Food's mission is to nourish people debilitated by critical illnesses. We believe they should not also suffer the ravages of hunger and malnutrition, which can lead to catastrophic deterioration in their already fragile health.

We operate with the knowledge that food is medicine so we medically tailor our recipes and design our freshly-cooked meals to offer optimum benefits: overall improved health, efficacy of vital medications, prevention of secondary illnesses, optimum body weight and more.

Our client services and nutrition services teams assist clients in accessing other health resources and help them better understand the positive impact of healthy eating in their fight against disease and their overall life. We also provide a friendly ear during one of the most challenging experiences possible.
