Valley County Water District (the “District”) was originally formed in 1925 and was incorporated in 1926 as Baldwin Park County Water District under the County Water District Law (Division 12 of the California Water Code). On January 1, 1978, the District’s name was changed to Valley County Water District. The District supplies water for domestic, irrigation, industrial, commercial, recreation and fire suppression use to users in portions of the cities of Baldwin Park, Irwindale, Azusa and West Covina in the San Gabriel Valley in northeastern Los Angeles County, California. The District is located approximately 18 miles east of downtown Los Angeles. The District’s service area encompasses approximately 12.8 square miles. The District’s primary source of water is groundwater pumped from local wells in the Main San Gabriel Valley Groundwater Basin.

The formation of the JPA will assist the financing of capital improvement projects of the District. Any Bonds issued by the Authority shall be solely for projects benefiting the District.

Liability Issues for CMFA:

By approving this transaction, CMFA will become a member of the new JPA, but will have no role in the proposed bond transaction. CMFA has no liability of any kind for the obligations of the new JPA. CMFA will have no ongoing responsibilities for the administration or operation of the new JPA or maintenance of the bonds. CMFA counsel fees, as well as a transaction fee, will be paid from proceeds of the bond financing. As mentioned above, the Joint Exercise of Powers Agreement for the new JPA provides that the new JPA will not issue bonds without the prior written approval of the CMFA, which will not be unreasonably withheld or delayed. The Resolution approving the new JPA Agreement also approves the first bond issues of the new JPA.

The firm of Stradling Yocca Carlson & Rauth, a Professional Corporation, will serve as bond counsel for the transaction and is representing the District in the formation of the new JPA.

Action	Approve Lever Energy Capital Property Assessed Clean Energy (“PACE”) Program Administrator Agreement
Purpose:	Property Assessed Clean Energy (“PACE”)
Activity:	PACE Financing and Refinancing of Energy Efficiency, Water Efficiency, Renewable Energy Generation and Seismic Improvements
Meeting:	April 27, 2018

Background:

Property Assessed Clean Energy (“PACE”) programs help local economies and the environment by providing financing for energy and water efficient improvements and renewable energy systems. Communities with PACE programs have increased construction activity, created jobs, lowered utility bills and reduced greenhouse gas emissions. Property owners repay the financing through their property tax bill over the useful life of the installed products.

Discussion:

Lever Energy Capital is a leading provider of Commercial Property Assessed Clean Energy (C-PACE) financing. They take an innovative, scalable approach to the financing process to provide their clients and partners with a seamless and reliable experience. Lever’s primary goal is simple: to deploy capital as efficiently as possible in order to scale C-PACE financing and its benefits for their clients and for the greater good of society. Their reach is wide, covering various geographies, real estate project types, and asset classes. Lever’s team has years of experience working with C-PACE programs around the nation.

The Program Administrator Agreement has been reviewed by Jones Hall.

Public Benefit:

PACE programs encourage energy and water efficiency and diversifies energy sources, both of which reduce the impact on existing infrastructure. Furthermore, PACE programs provide property owners with a low cost alternative to financing major energy and water efficiency improvements and renewable energy retrofits. The program helps the economies of the communities we serve by creating new jobs and retaining existing jobs.

Recommendation:

The Executive Director recommends the CMFA Board of Directors approve the Lever Energy Capital Program Administrator Agreement with the CMFA.

PROPERTY ASSESSED CLEAN ENERGY (“PACE”) SUMMARY AND RECOMMENDATIONS

Action	Approve Commercial PACE Bond Counsel Services Letter Agreement Between the CMFA, Lever Energy Capital and Jones Hall
Purpose:	Property Assessed Clean Energy (“PACE”)
Activity:	PACE Financing and Refinancing of Energy Efficiency, Water Efficiency, Renewable Energy Generation and Seismic Improvements
Meeting:	April 27, 2018

Communities with PACE programs have increased construction activity, created jobs, lowered utility bills and reduced greenhouse gas emissions. Property owners repay the financing through their property tax bill over the useful life of the installed products.

Discussion:

Lever Energy Capital (“Lever”) is being admitted to the CMFA’s Open PACE program as a commercial PACE (“C-PACE”) administrator. The CMFA allows its program administrators to select their Bond Counsel subject to CMFA approval.

Lever has selected Jones Hall, A Professional Law Corporation (“Jones Hall”) to serve as Bond Counsel for their C-PACE program. Jones Hall is one of a few firms offering C-PACE Bond Counsel services. The letter agreement confirms the understanding of the terms and conditions under which Jones Hall will provide services as Bond Counsel to the CMFA in connection with its C-PACE program administered by Lever.

PACE programs further encourage seismic strengthening improvements, which increase the safe use of property. PACE programs provide property owners with a low cost alternative to financing these improvements, thereby advancing the underlying public purposes. The program helps the economies of the communities we serve by creating new jobs and retaining existing jobs.

Recommendation:

The Executive Director recommends that the CMFA Board of Directors approve the C- PACE Bond Counsel services letter agreement.

PROPERTY ASSESSED CLEAN ENERGY (“PACE”) SUMMARY AND RECOMMENDATIONS

Action:	Approve Resolution for the Purpose of Approving Forms of Master Indenture and Assessment Contract for Use in Connection with the Issuance of PACE Limited Obligation Improvement Bonds for Samas Capital LLC and Approving Related Documents and Matters
Purpose:	Property Assessed Clean Energy (“PACE”)
Activity:	PACE Financing and Refinancing of Energy Efficiency, Water Efficiency, Renewable Energy Generation and Seismic Improvements
Meeting:	April 27, 2018

PACE Indenture and Assessment Contract Discussion:

In order to finance or refinance energy efficient improvements, the California Municipal Finance Authority (CMFA) determined to issue its California Municipal Finance Authority PACE Limited Obligation Improvement Bonds for Samas Capital LLC in multiple series from time to time, as provided in and pursuant to a Master Indenture (the “Master Indenture”). Therefore, it is necessary for the CMFA to approve the form of Master Indenture and Assessment Contract and related documents.

Public Benefit:

PACE programs encourage energy efficiency and diversifies energy sources, both of which reduce the impact on existing infrastructure. Furthermore, PACE programs provide property owners with a low cost alternative to financing major energy efficiency improvements or renewable energy retrofits. The program helps the economies of the communities we serve by creating new jobs and retaining existing jobs.

Recommendation:

The Executive Director recommends the CMFA Board of Directors approve the Resolution approving the forms of Amended and Restated Master Indenture and Assessment Contract for use in connection with the issuance of PACE Limited Obligation Improvement Bonds for Samas Capital LLC and approving related documents and matters.

PROPERTY ASSESSED CLEAN ENERGY (“PACE”) SUMMARY AND RECOMMENDATIONS

Action:	Approve Resolution for the Purpose of Approving Forms of Amended and Restated Master Indenture and Assessment Contract for Use in Connection with the Issuance of PACE Limited Obligation Improvement Bonds Energy Efficient Equity Program (Phase 1) and Approving Related Documents and Matters
Purpose:	Property Assessed Clean Energy (“PACE”)
Activity:	PACE Financing and Refinancing of Energy Efficiency, Water Efficiency, Renewable Energy Generation and Seismic Improvements
Meeting:	April 27, 2018

PACE Indenture and Assessment Contract Discussion:

In order to finance or refinance energy efficient improvements, the California Municipal Finance Authority (the “Authority”) determined to issue its California Municipal Finance Authority PACE Limited Obligation Improvement Bonds, Energy Efficient Equity Residential Program (Phase 1) (the “Bonds”), in multiple series from time to time, as provided in and pursuant to a Master Indenture, dated as of September 1, 2016 (the “Master Indenture”). A First Supplemental Indenture was approved by the CMFA on June 23, 2017 to allow for an exchange of bonds previously issued for multiple series of Bonds subsequent to each issuance.

The proposed Amended and Restated Master Indenture and Assessment Contract for use in connection with the issuance of PACE Limited Obligation Improvement Bonds Energy Efficient Equity Program (Phase 1) will permit both commercial and residential PACE bonds to be issued and also allow for assessments to be consolidated into a single variable rate bond versus multiple series of bonds based on maturity.

Public Benefit:

PACE programs encourage energy efficiency and diversifies energy sources, both of which reduce the impact on existing infrastructure. Furthermore, PACE programs provide property owners with a low cost alternative to financing major energy efficiency improvements or renewable energy retrofits. The program helps the economies of the communities we serve by creating new jobs and retaining existing jobs.

Recommendation:

The Executive Director recommends the CMFA Board of Directors approve the Resolution approving the forms of Amended and Restated Master Indenture and Assessment Contract for use in connection with the issuance of PACE Limited Obligation Improvement Bonds Energy Efficient Equity Program (Phase 1) and approving related documents and matters.

PROPERTY ASSESSED CLEAN ENERGY (“PACE”) SUMMARY AND RECOMMENDATIONS

Action	Approve Revised CMFA PACE Consumer Protection Policy
Purpose:	Property Assessed Clean Energy (“PACE”)
Activity:	PACE Financing and Refinancing of Energy Efficiency, Water Efficiency, Renewable Energy Generation and Seismic Improvements
Meeting:	April 27, 2018

Background:

Property assessed clean energy (“PACE”) programs enable an unprecedented range of homeowners to access energy efficiency, renewable energy, water efficiency and seismic measures that improve the financial, functional and environmental aspects of home ownership. Improvements such as these make homes less costly to operate and more comfortable to live in, while simultaneously reducing energy and water consumption. Without PACE Programs many homeowners would have no, or costly, access to such benefits.

Discussion:

PACE Programs deliver tools and resources that enable homeowners to make smart, informed and responsible choices. Appropriate use of such tools is the responsibility of all Programs, which means that care needs to be taken with homeowners before, during and after origination of Program financing. In other words, consumer protections that serve homeowners must be a core value of the Program.

On April 29, 2016 the Board approved PACE Consumer Protection Policies consistent with the market. Shortly thereafter, additional guidance was given from organizations such as FHA, CAEATFA and PACENation related to consumer protections and underwriting. Revised PACE Consumer Protection Policies were adopted by the CMFA on August 5, 2016. Most recently, AB1284 and SB242 legislated a number of consumer protections, many of which the CMFA was already providing. The updated CMFA PACE Consumer Protection Policies incorporates all of the consumer protections required by the new legislation.

Public Benefit:

PACE programs encourage energy and water efficiency and diversifies energy sources, both of which reduce the impact on existing infrastructure. Furthermore, PACE programs provide property owners with a low cost alternative to financing major energy and water efficiency improvements and renewable energy retrofits. The program helps the economies of the communities we serve by creating new jobs and retaining existing jobs.

Recommendation:

The Executive Director recommends that the CMFA Board of Directors approve the revised CMFA PACE Consumer Protection Policy.

PROPERTY ASSESSED CLEAN ENERGY (“PACE”) SUMMARY AND RECOMMENDATIONS

Action:	Approve Updates to the CMFA PACE Program Report and Handbook
Purpose:	Property Assessed Clean Energy (“PACE”)
Activity:	PACE Financing and Refinancing of Energy Efficiency, Water Efficiency, Renewable Energy Generation and Seismic Improvements
Meeting:	April 27, 2018

CMFA PACE Program Report and Handbook Discussion:

During the January 16, 2015 board meeting, the CMFA approved the CMFA PACE Program Report and Handbook outlining the general guidelines for the CMFA PACE Program. On May 19, 2017 and then again on September 15, 2017 additional updates to the Report and Handbook were approved. There have been a number of market driven and legislative changes to PACE throughout California related to underwriting standards and consumer protections such as AB1284 and SB 242. The proposed CMFA PACE Program Report and Handbook incorporates these changes as well as other administrative updates such as an updated map of the CMFA PACE region and current list of program administrators.

Public Benefit:

PACE programs encourage energy efficiency and diversifies energy sources, both of which reduce the impact on existing infrastructure. Furthermore, PACE programs provide property owners with a low cost alternative to financing major energy efficiency improvements or renewable energy retrofits. The program helps the economies of the communities we serve by creating new jobs and retaining existing jobs.

Recommendation:

The Executive Director recommends the CMFA Board of Directors approve the updates to the CMFA Program Report and Handbook.

GOLDEN VALLEY HEALTH CENTERS SUMMARY AND RECOMMENDATIONS

Applicant:	Golden Valley Health Centers
Action:	Final Resolution

Purpose:	Finance and Refinance Healthcare Facilities Located in the Cities of Atwater, Ceres, Empire, LeGrande, Los Banos, Manteca, Merced, Patterson, Planada, Newman, Stockton, Tracy, and Turlock, Counties of Merced, San Joaquin and Stanislaus, California
Activity:	Healthcare Facilities
Meeting:	April 27, 2018

Background:

In September 1972, Golden Valley Health Centers (“GVHC”) opened its doors as a County hospital-operated migrant health program. For the first two years, services were delivered part-time from space available at the hospital.

In 1973, a citizens group agreed to separate from the County and form a nonprofit corporation capable of receiving available migrant health funds. The new group would deliver services full-time from facilities owned by the new nonprofit Merced Farmworkers Health Project, Inc.

Land was purchased later that year and work started on the construction of a small medical and dental clinic. Completed in the summer of 1974, the clinics were ready for their first fulltime medical doctor and dentist. Since that time, GVHC has grown from a migrant health program into a multifaceted corporation with 26 sites and 120 clinicians serving two counties. All in the span of just four decades.

The principles of GVHC set a clear focus for the work they perform and the services they provide. Their values define how they carry out the mission to serve anyone who comes in their doors. The GVHC vision demands that they consistently and effectively put compassion and quality in everything they do.

Golden Valley Health Centers will be known as a premier organization ensuring access to high quality, culturally responsive and comprehensive primary health care for all, especially the underserved.

"Everything we do helps veterans and their families." That simple statement is clear, but also full of energy, excitement, hard work, determination and proven results that we apply to the fullest extent. We believe our own history of military and veteran related service and proven commitment to others every day gives those simple, eight words the most effective and resourceful meaning imaginable. Through our Us for Warriors supporting programs, helping hand deeds, inspiring events and advocacy, we believe that the key to making lives of fellow veterans better is to focus on the "whole veteran" and find ways to engage a community to fill the gaps and make a difference to enrich the lives of veterans and their families. Everything we do helps veterans and their families. The footprint we leave behind is not just imprints from strong boots, but also strong lives.

Mission:

The Anova Center for Education, Sonoma County's only nonprofit school for children living with autism was demolished by the wildfires that are ravaging Northern California. Thankfully, none of the school's students were injured in the fire, but the blaze now leaves 120 students ranging from 5 to 22 years old without a school. All donations will go toward rebuilding our K-12 classrooms, transition program, occupational therapy equipment, and many other specialized needs of our students. We are more than just a school, we offer an environment where our students can thrive academically, socially, and emotionally. In addition to losing our entire campus and all of its contents, we spent two years raising \$75,000 for a playground structure that was delivered a few days before the fire and burned to the ground in a box.

We are currently providing food to our neighbors affected by the fires through our Station 3990 emergency distribution, and to all of our neighbors in need at 70% of our regular program sites in Sonoma County and throughout our service region.

Mission:

Since the wildfires began in Sonoma County on October 8th, more than 100,000 residents county-wide have been displaced from their homes—many of whom have permanently lost those homes. Nearly 3,500 structures have been damaged, 85% of which were residential homes. And 22 Sonoma County residents have lost their lives. The mission of the Sonoma County Grape Growers Foundation is for Sonoma County grape growers to be agriculture leaders in social sustainability through partnerships and programs that support the skilled agricultural workforce and their families who sustain farming in Sonoma County.

Impact:

A donation would be used to assist persons impacted by the Northern California wild fires.
