Background:

BlueGreen Preservation and Development, LLC (“BlueGreen”) is an industry leader in developing and preserving affordable housing. They have extensive experience in family, senior, urban, suburban, HUD preservation and neighborhood revitalization developments. BlueGreen uses that experience to improve the lives of the residents in their properties while maximizing the return on investment for stakeholders. Their affordable housing properties utilize the same quality design and construction as market-rate housing properties.

BlueGreen achieves this goal by adhering to strict disciplines throughout the development and rehabilitation process. By engaging in strategic partnerships with their valued partners and by continually developing relationships with national and regional governmental agencies, they have the ability to shepherd the process to a successful closing. BlueGreen provides additional value through the full range of services offered from one inter-related, vertically integrated company.

What sets BlueGreen apart from other real estate developers is their commitment to retaining the character and social service benefits indigenous to each community, which is achieved by partnering with the existing local non-profit organizations. By partnering with the community’s local non-profit, they can better serve the residents in that community by addressing their specific needs. Other developers are more interested in buying out the non-profit and ending those ties with the community. BlueGreen recognizes the value that the non-profit partners provide to their constituents and they honor that relationship.

ORCHARD-MAPLES APARTMENTS SUMMARY AND RECOMMENDATIONS

Applicant: Eden Housing

Action: Inducement Resolution

Amount: \$67,000,000

Purpose: Finance Affordable Rental Housing Facilities Located in the City of Vacaville, Solano County, California

Activity: Affordable Housing

Meeting: March 15, 2019

Background:

Eden Housing's Mission is to build and maintain high-quality, well-managed, service-enhanced affordable housing communities that meet the needs of lower income families, seniors, and persons with disabilities.

Eden Housing was founded in May of 1968 by six community activists who were greatly concerned about the lack of non-discriminatory, affordable housing in Alameda County. These pioneers, working out of makeshift "headquarters" such as local coffee shops, were initiated into affordable housing development by rehabilitating six older homes in Oakland for first time homebuyer families.

Since those pioneering days, Eden Housing has developed or acquired more than 7,500 affordable housing units within 100 properties that have provided homes for more than 65,000 people over the years. Eden's housing now includes rental apartments, first-time homeowner opportunities, cooperatives, and supportive living environments for families, seniors and people with disabilities.

Eden Housing revitalizes California communities through their affordable housing development and property management activities, the partnerships they establish and the investments they make in California neighborhoods, and through the free social services and supportive programs they provide to meet the needs of their residents.

The CMFA has facilitated over 10 Eden Housing projects.

The Project:

Orchard-Maples is an existing 168-unit family property in Vacaville. The existing project is comprised of 1-, 2- and 3-bedroom units in 42 buildings. The buildings are all fourplexes of five distinct building types. One 2-bedroom unit serves as the management office, and another serves as service space occupied by the Boys & Girls Club. There will be 122 affordable units restricted to 50% and 60% of AMI. The project will also be made up of market rate units and units restricted to 80% of AMI. Orchard-Maples currently provides housing to 53 households with tenant-based Section 8 vouchers. This will be a first-time tax-credit syndication and bond project. In a future refinance transaction, Eden VCH, LLC, will sell the Orchard-Maples property to Eden Vacaville, LP, the new tax credit partnership, at a market rate sales price in order to maximize acquisition tax credits. As part of that closing, the existing bond financed hard debt will be paid off and all of the City deeds of trusts, Owner Participation Agreements, and Regulatory Agreements will be consolidated and reorganized. This financing will preserve 122-units of affordable housing in the City of Vacaville for the next 55 years.

The City of Vacaville:

The City of Vacaville is a member of the CMFA and will be asked to hold a TEFRA hearing. Upon closing, the City is expected to receive approximately \$20,289 as part of the CMFA's sharing of Issuance Fees.

Eden Housing's Mission is to build and maintain high-quality, well-managed, service-enhanced affordable housing communities that meet the needs of lower income families, seniors, and persons with disabilities.

Eden Housing was founded in May of 1968 by six community activists who were greatly concerned about the lack of non-discriminatory, affordable housing in Alameda County. Eden Housing revitalizes California communities through their affordable housing development and property management activities, the partnerships they establish and the investments they make in California neighborhoods, and through the free social services and supportive programs they provide to meet the needs of their residents.

The CMFA has facilitated over 10 Eden Housing projects.

The Project:

The Willows, Highlands, and Hillside properties consist of a total of 146 units of mostly affordable and some market rate housing in three scattered site developments in close proximity to each other along the Rocky Hill Avenue corridor. The property also includes property management office space, property management units, and services space for the Boys and Girls Club. These properties were acquired as part of the acquisition of the Vacaville Community Housing (“VCH”) fee owned portfolio on October 19, 2018.

Willows consists of 120 family housing units plus 6 offline units which have been partially converted into a service space for the Vacaville Boys and Girls Club and 4 units that were converted for property management use. Highlands consists of 11 family housing units with no common area. Hillside consists of 15 senior housing units plus a former VCH board room which could be converted into a community room or additional property management space. Hillside is the only one of these fee owned properties that is a LIHTC regulated property. It is beyond its original 15-year compliance period and its original investor has exited. The Willows, Highlands, and Hillside properties consist of 1-, 2-, 3- and 4-bedroom units. The affordable units are regulated at 30%, 50%, 60% of AMI. The project building types are varied including single family homes, multifamily fourplexes, and larger multifamily buildings. The project will become a 4% tax credit syndication and tax-exempt bond project, with the 131 units at Willows and Highlands being a first-time syndication and 15 units at Hillside being a re-syndication.

In a future refinance transaction, Eden VCH, LLC will sell the Willows, Highlands, and Hillside to Eden Vacaville Housing, LP, the new tax credit partnership, at appraised fair market value. Either as part of the construction closing or an earlier defeasance transaction, the existing bond financed hard debt will be paid off and as part of the construction closing. All of the City deeds of trusts, Owner Participation Agreements, and Regulatory Agreements will be consolidated and reorganized. This financing will preserve 111-units of affordable housing in the City of Vacaville for the next 55 years.

Mission:

In 1994 community leaders and concerned citizens identified a need to improve the life of children and seniors throughout the city of Fairfield, California. They formed the Fairfield Community Services Foundation as a public-benefit organization with a mission to provide financial and volunteer support for Fairfield's parks, recreation activities, the arts and community services.

To meet a growing need for youth programs in the most isolated parts of Fairfield, in 2005 the FCSF forged a public/private partnership with the City of Fairfield's Parks & Recreation Department to create the award winning Fun on the Run (FOTR) mobile recreation program that brings youth development programs including physical sports, hands-on nutrition education, team building and educational activities directly into Fairfield's low income neighborhoods.

Mission:

Our initial fundraising effort is to raise money for short-term, emergency cash grants to be distributed to residents who have suffered losses in the fire. The intent is to provide some cash for basic needs as people move to get back on their feet.

United Way is not yet able to determine the size of these grants, as it will depend on the amount we are able to raise and the ultimate scope of need. Experience in other situations suggests possible range of between \$500 and \$1,500 per household. We are establishing an application process that ensures responsibility and integrity, while still being as minimally burdensome as possible. Decisions on applications will be made by a panel including community members. We are aiming for an announcement with details within a few days and hope to begin distribution of funds as soon as possible.
