CERTAIN AMENDMENTS OR WAIVERS TO FINANCING DOCUMENTS

Action: Discuss and Approve

Purpose: Approve Amendments to or Waivers of Rights Under Past and Future Financing Documents

Meeting: May 17, 2019

Background:

The board of directors has adopted “bond issuance policies” (the “Policies”) and has amended them from time to time. The Policies cover a variety of matters such as minimum denominations, the investment sophistication of investors and their ability to withstand a loss of their investment, and restrictions on transfer. Some of these matters relate to the policy goal of preventing CMFA bonds from being purchased by investors who lack the sophistication to understand the underlying credit quality of the bond, especially for unrated and below-investment grade rated bonds.

Certain financing documents, relating both to past and future CMFA financings, might contain limitations that are even stricter than required by CMFA’s current Policies. From time to time, borrowers or bond purchasers request CMFA to amend or waive rights under one or more documents relating to such limitations.

The requested amendment or waiver must nevertheless comply with CMFA’s Policies at the time of such amendment or waiver. An example is when an existing financing document limits transfers in denominations of \$250,000, but the financing parties desire to amend that minimum denomination to \$100,000. The latter is still within CMFA’s current Policies, and is an example of a requested amendment or waiver that would be authorized without further Board action if this resolution is adopted.

For matters of convenience or necessity, the borrower or bond purchaser sometimes does not want to wait until the next board meeting to obtain board approval, and requests approval of the change without going back to the full board for approval.

Proposed Resolution:

The proposed resolution would authorize the execution and delivery of amendments to or waivers of rights under financing documents relating to all Authority financings, both past and future,

without the necessity of additional board approval, provided that the following safeguards are in place:

- the amendment or waiver relates to the Policies of CMFA and the requested amendment or waiver would otherwise be in compliance with or would not be inconsistent with those Policies;
- the amendment or waiver must be requested in writing;
- except for situations involving taxable bonds or where the documents permit it to be waived, the borrower must pay for no adverse tax effect legal opinion.

If the proposed amendment or waiver does not satisfy the above conditions, the amendment would need to go back to the full board for approval.

The Executive Director, with the financial advisor's assistance, would report to the board any amendments executed and delivered in this fashion at the next board meeting for which it can be agendaized.

Recommendation:

The Executive Director recommends that the CMFA Board of Directors approve the subject resolution.

- Leachate and Methane Gas Recovery Systems – WM will continue to address the challenge of gas seepage from landfills.

Improved Water Quality

- The construction of new landfill cells at the landfill facilities included in the Project will ensure protection of groundwater due to state-of-the-art liners and systems for mitigating infiltration and runoff of water seeping through the refuse.

Improved Energy Efficiency

PROPERTY ASSESSED CLEAN ENERGY (“PACE”) SUMMARY AND RECOMMENDATIONS

Action:	Approve Resolution for the Purpose of Approving and Directing the Execution and Delivery of a Revised Second Amended and Restated Master Indenture, Related to the Authority’s PACE Limited Obligation Improvement Bonds Energy Efficient Equity Program (Phase 1), and Approving Related Matters
Purpose:	Property Assessed Clean Energy (“PACE”)
Activity:	PACE Financing and Refinancing of Energy Efficiency, Water Efficiency, Renewable Energy Generation and Seismic Improvements
Meeting:	May 17, 2019

PACE Revised Second Amended and Restated Master Indenture:

In order to finance or refinance energy efficient improvements, the California Municipal Finance Authority (the “Authority”) determined to issue its California Municipal Finance Authority PACE Limited Obligation Improvement Bonds, Energy Efficient Equity Residential Program (the “Bonds”), in multiple series from time to time, as provided in and pursuant to a Master Indenture, dated as of September 1, 2016 (the “Master Indenture”). A First Supplemental Indenture was approved by the CMFA on June 23, 2017 to allow for an exchange of bonds previously issued for multiple series of Bonds subsequent to each issuance. On April 27, 2018, an Amended and Restated Master Indenture And Assessment Contract was approved by the Board which permits both commercial and residential PACE bonds to be issued and also allow for assessments to be consolidated into a single variable rate bond versus multiple series of bonds based on maturity. On April 26, 2019 a Second Amended and Restated Master Indenture was approved by the Board to allow for more frequent mandatory and optional redemptions for prepayments, provides for a prepayment lockbox and master deposit account and clarifies that partial redemption of Bonds does not require the partially redeemed bond to be surrendered and exchanged for a new Bond.

The proposed revised Second Amended and Restated Master Indenture for use in connection with the issuance of PACE Limited Obligation Improvement Bonds Energy Efficient Equity Program will update the timing of the redemption notices to 20 days (and 40 for when Trustee gets direction). It also adds a separate fund for delinquency advance repayments and allows for a third party to advance payments on delinquent assessment installments subject to CMFA approval. The Second Amended and Restated

Master Indenture permits special purpose securitization vehicles backed by PACE Bonds to be sold to non-U.S. persons pursuant to Regulation S under the Securities Act of 1933.

Public Benefit:

PACE programs encourage energy efficiency and diversifies energy sources, both of which reduce the impact on existing infrastructure. Furthermore, PACE programs provide property owners with a low-cost alternative to financing major energy efficiency improvements or renewable energy retrofits. The program helps the economies of the communities we serve by creating new jobs and retaining existing jobs.

Recommendation:

The Executive Director recommends the CMFA Board of Directors approve the Resolution approving the forms of revised Second Amended and Restated Master Indenture, Related to the Authority's PACE Limited Obligation Improvement Bonds Energy Efficient Equity Program (Phase 1), and Approving Related Matters

.

Emergency Shelter Program– provides emergency services for up to 30 days.

Transitional Housing Program– provides shelter and supportive services for an average 5 months.

Permanent Housing Program– provides permanent, affordable housing to graduates and members of the community.

We are one of the few homes that serve homeless women who suffer from a variety of issues such as economic hardship, domestic violence, mental health issues, and substance abuse. Our goal for each client is self-sufficiency and independence, breaking the vicious cycle of homelessness.

Mission:

In 1994 community leaders and concerned citizens identified a need to improve the life of children and seniors throughout the city of Fairfield, California. They formed the Fairfield Community Services Foundation as a public-benefit organization with a mission to provide financial and volunteer support for Fairfield's parks, recreation activities, the arts and community services.

To meet a growing need for youth programs in the most isolated parts of Fairfield, in 2005 the FCSF forged a public/private partnership with the City of Fairfield's Parks & Recreation Department to create the award winning Fun on the Run (FOTR) mobile recreation program that brings youth development programs including physical sports, hands-on nutrition education, team building and educational activities directly into Fairfield's low income neighborhoods.

Mission:

Through skilled volunteers, Tax-Aid provides year-round free tax services to strengthen our San Francisco Bay Area community.

Tax-Aid helps families and individuals who earn less than \$55,000 per year. The average household income of the people we help is much lower than that — most earn less than \$22,000 per year. The tax refund is frequently the largest paycheck the family will receive all year.

Due to limited free options after April 15th, people often have to drive hours and miss work to get free help. Our year-round program, Tax-Aid 365, helps people with their tax issues virtually by leveraging communication technology saving people precious time and money otherwise spent on transportation.

A donation would assist the organization in the furtherance of their mission.

This is an organization that was started by a family physician that wanted to do something to get the homeless of the streets in Redding. The program provides housing and a case manager to get the individuals stabilized and on the path to permanent housing.
