In addition to the residential units, the district will include a public multi-use park, as well as common area recreation lots and paseos. In order to finance the costs of the Facilities it is necessary to incur bonded indebtedness and other debt (as defined in the Act) in one or more series in the aggregate amount of not to exceed \$12,550,000 on behalf of the CFD and all improvement areas therein.

SIMPSON UNIVERSITY SUMMARY AND RECOMMENDATIONS

Applicant:	Simpson University
Action:	Final Resolution
Amount:	\$33,500,000
Purpose:	Finance and/or Refinance the Acquisition, Construction, Improvement, Renovation, and/or Equipping of Educational Facilities for Simpson University, located in the City of Redding, Shasta County, California
Activity:	Private Education
Meeting:	August 7, 2020

Background:

Simpson University ("Simpson" or "the University") is a regionally accredited, private, non-profit, Christian university located in Redding, California. Simpson was founded in 1921 as Simpson Bible Institute by W.W. Newberry, who served as its first president. Established in Seattle, the school was named in honor of Albert Benjamin Simpson, a Presbyterian minister who pioneered the Bible institute movement in the late 19th century and founded The Christian and Missionary Alliance. Initially offering a two-year program of study, the school was designed to promote spiritual growth and prepare students for Christian life and service, especially overseas.

In 1955, the institution moved to San Francisco, and its name was changed to Simpson Bible College. Over the years, the college continued to broaden its academic offerings; by the time the half-century mark was reached in 1971, it had become a more comprehensive Christian college, offering liberal arts and professional as well as biblical studies. That same year, the name was changed again to Simpson College. Regional accreditation was gained with the Western Association of Schools and Colleges Senior College and University Commission (WSCUC) in 1969. Another historic milestone was reached in 1989 when Simpson relocated to its current site in Redding and began building a new campus. Since the move, total enrollment grew from 200 to more than 900 students. Since then it experienced a few years of declining enrollment followed by two years of growth (2018-19 and 2019-20) arriving at 950 total students for Fall 2019, in 25 traditional undergraduate programs, 4 degree completion programs (on campus and online), 5 graduate programs and two AA programs.

The Project:

Simpson University intends to use the proceeds of the bonds to: (i) refinance all or a portion of certain outstanding loans used to acquire, construct, renovate, improve and/or equip certain educational facilities at the Borrower's campus located at 2211 College View Drive, Redding, California, 96003 (the "Facilities"); (ii) finance the acquisition, construction, renovation, improvement and/or equipping of the Facilities; (iii) fund certain working capital expenses, including refinancing of certain loans for working capital purposes; (iv) finance certain interest on the Bonds; (v) fund a debt service reserve fund; and (vi) pay costs of issuance with respect to the Bonds.

Under the leadership and guidance of the Steering Committee, the Center supports innovative community-based projects by offering research awards and fellowships. In turn, the Center's community partners present faculty and students with extraordinary opportunities to engage in applied problem-solving activities. Community Based Education connects students and faculty with local organizations to create community-based research, service learning and experiential education opportunities that enhance the social, environmental, cultural and economic health of our communities. CEC serves as a liaison between the academic institution and community partners, provides internship opportunities, and assistance with funding and programming, as well as providing logistical support to students, faculty, staff, and community partners.

MENDES COMMUNITY FACILITIES DISTRICT SUMMARY AND RECOMMENDATIONS

Applicant: Reynen & Bardis Construction

Action: Approval

Amount: \$11,380,000

Purpose: Approve Resolutions Initiating Formation of CMFA Community Facilities District No. 2020-7 (City of Elk Grove – Mendes)

Activity: BOLD/ Community Facilities District

Meeting: August 7, 2020

Background and Resolutions:

The CMFA's BOLD Program ("BOLD") utilizes the Mello-Roos Community Facilities Act of 1982 (California Government Code Section 53311 et seq.) (the "Act") to raise revenues for the infrastructure needs of local agencies in California. The City of Elk Grove (the "City") is a member of the CMFA and a participant in BOLD. Reynen & Bardis Construction (the "Developer") has submitted an application to the CMFA to use BOLD in relation to the Developer's proposed development of certain property located in the City. The CMFA and the City have accepted such application.

The applicant has requested formation of a community facilities district which will facilitate the future issuance of bonds by the CMFA under the program. Proceeds of bonds will primarily be used to finance public infrastructure facilities to be owned by the City.

As an initial step in using BOLD for the financing, the CMFA needs to form a community facilities district. The proposed community facilities district will be called California Municipal Finance Authority Community Facilities District No. 2020-7 (City of Elk Grove - Mendes) (the "CFD").

Under the Act, it is a requirement that the CMFA, as the entity forming the CFD, adopt a resolution stating its intention to form the CFD, stating the types of public facilities to be financed on behalf of the CFD, setting forth the rate and method of apportionment of a proposed special tax to be levied in the CFD, and establishing the boundary. A resolution meeting the requirements

of the Act is presented at this meeting in the form of a Resolution of the Board of Directors of the California Municipal Finance Authority Declaring its Intention to Establish California Municipal Finance Authority Community Facilities District No. 2020-7 (City of Elk Grove – Mendes), and to Levy a Special Tax to Finance the Acquisition and Construction of Certain Public Facilities in and for such Community Facilities District (the “Resolution of Intention to Form CFD”).

It is also a requirement under the Act that the CMFA, as the entity forming the CFD, adopt a resolution stating its intention to issue bonds payable from the levy a special tax within the CFD. A resolution meeting that requirement of the Act is presented at this meeting in the form of a Resolution of the Board of Directors of the California Municipal Finance Authority Declaring its Intention to Incur a Bonded Indebtedness in and for the California Municipal Finance Authority Community Facilities District No. 2020-7 (City of Elk Grove – Mendes) to Finance the Acquisition and Construction of Certain Public Facilities (the “Resolution of Intention to Incur Bonded Indebtedness”).

The Project:

Reynen & Bardis Construction is in the process of developing 70 gross acres, on which 216 single-family homes will be built within the City of Elk Grove. The developer intends to develop the property, and then will sell finished lots to merchant homebuilders. Currently the property is being graded, with paving expected in the fall and a final map recorded in late fall 2020. Lots will be conveyed to Merchant Builders in late fall, with construction of model homes to begin in December. Home sales are projected to begin in the first quarter of 2021.

In order to finance the costs of the Facilities it is necessary to incur bonded indebtedness and other debt (as defined in the Act) in one or more series in the aggregate amount of not to exceed \$11,380,000 on behalf of the CFD and all improvement areas therein.

Authorized Facilities:

Authorized facilities include any facilities authorized by the Mello-Roos Community Facilities Act of 1982 (“Mello-Roos Act”) that are financed in whole or in part by development impact fees, whether City, County, or other local agency fees levied in connection with development of the property. The authorized facilities include, but are not limited to, capital facilities funded by the following fees:

City of Elk Grove

- Roadway Fee Program
- Capital Facilities Fee
- Affordable Housing Fee
- Southeast Policy Area Park Fee
- Southeast Policy Area Trail Fee
- Southeast Policy Area Drainage Fee

Cosumnes Community Services District

- Fire Fee

Sacramento County

- Sacramento Area Sewer District Fee
- Regional SAN Sewer Fee
- I-5 Subregional Corridor Mitigation Fee

Elk Grove Unified School District

- School Impact Fee

Authorized facilities also include Administrative and Incidental Expenses.

Future Action:

Under the Act, at a future meeting of the CMFA Board of Directors, the Board of Directors will need to hold a public hearing and adopt additional resolutions formally creating the CFD, authorizing the incurrence of bonded indebtedness for the CFD, levying the special tax within the CFD, and certain other related matters. The Mendes CFD will likely be pooled with other like-sized CFDs and sold as a combined financing.

Recommendation:

The Executive Director recommends that the CMFA Board of Directors adopt the Resolution of Intention to Form CFD and the Resolution of Intention to Incur Bonded Indebtedness in an amount not to exceed \$11,380,000.
